

NICOLEHOLLIS

ALTERED VESSEL NO. 3

ALAN MEREDITH STUDIO

EXCLUSIVE TO NICOLEHOLLIS COLLECTION

ORIGIN Ireland	PRODUCTION Edition of 1	DESCRIPTION Every object from Alan Meredith represents a dialogue between maker and material. He hand-shapes the steam-bent wood on a lathe, and cuts grooves into the surface using traditional woodworking tools. The "Altered" series is then sandblasted with high-pressure recycled glass to enhance the natural grain and structure of the tree, and subjected to a fuming process that reacts with tannins to develop warm, deep color within the very wood itself.
