

## ENGLISH OAK TRAY, RECTANGULAR

PACHADESIGN

ORIGIN

England

FINISH

Black or Natural

MATERIAL

100% English Oak

DESCRIPTION

Meditative in shape, this minimalist decorative tray was designed and created by pachadesign to elevate daily rituals and experiences. Carved from sustainably sourced oak from English forests, oiled and burned by hand to give it patina, each one is as unique as the piece of wood that it was generated from, retaining the splits, cracks, and scars that celebrate its own identity.

CARE

To maximize the longevity of your tray, we recommend these care instructions:

Dust with a soft, lint-free cloth, do not use polish. If needed, wipe with clean, warm water or a tiny amount of mild dish soap. Clean up spills quickly with a dry or damp soft lint-free cloth. Do not submerge your tray in water or put in a dishwasher. Always dry your tray thoroughly after cleaning.

We recommend that our products are not left in direct sunlight, too close to a heat source, or in damp environments, as this may cause the product to warp.

If you feel your tray needs to be re-oiled, this can be done with a small amount of eco hard wax oil. Contact us for assistance.
