ORIGIN

MATERIAL

Ivory Onyx, Nero Marquina

DESCRIPTION

These trays bring the spirit and austerity of ancient stone into the modern house, in a humble and quiet silhouette. Each made from a single slab of stone, they are both decorative and functional, and finished to enhance durability without compromising the material's integrity or character.

Available in three sizes and two finishes.

CARE

Clean with a soft, damp cloth and mild soap, avoiding abrasive or acidic cleansers (including lemon or vinegar), ammonia, or bleach. Wipe dry.

Although each piece has been sealed to preserve and enhance the natural stone, no stone is entirely stain proof. Wipe away substances like wine or coffee promptly, before they can be absorbed.
