DESCRIPTION

Coated with a vibrated brass finish, the Textured Brass Centerpiece Candle Holder is geometric and organic, holding four taper candles in an asymmetric arrangement. The subtly reflective patina leaves their pieces feeling at once timeworn and futuristic. Holds four 7/8" taper candles (shown); we recommend 12" to 30".

CARE

To clean, rub with a soft, dry microfiber cloth. Use a small amount of neutral detergent or liquid dish soap if necessary, immediately drying afterward.

Please do not use steel wool, polishing cloths, cleansers with citrus extracts, or abrasive utensils that may cause corrosion.
