

NICOLEHOLLIS

WOVEN RATTAN TRAY

EXCLUSIVE TO NICOLEHOLLIS COLLECTION

UNDERWATER WEAVING

ORIGIN

United States

FINISH

Natural, Black

MATERIAL

Rattan

DESCRIPTION

This Woven Rattan Tray is a descendent of traditional decorative tobacco trays, reimagined for lightweight storage on a larger scale. Flat splints of 100% rattan form the structure of each tray, woven into a checkerboard or plaited weave pattern, a traditional technique executed with modern graphic finesse. Loop handles and contrast detailing elevates the trays from mere objects of service to objects of beauty.

Due to the handmade nature of these baskets, slight variations in size and color should be expected.

Available in three sizes and two colors.

CARE

For indoor use only. Wipe clean with a dry cloth. If misshapen parts occur, firmly mold the rattan back into place.

SIZE

Rectangle

Square

DIMENSIONS
