

NICOLEHOLLIS

YOKA INCENSE BLEND NO. 1

EXCLUSIVE TO NICOLEHOLLIS COLLECTION

OGATA

ORIGIN

Japan

DIMENSIONS

7.5" W (with handle)
5.25" dia x 7" H

MATERIAL

Glass, cedar

DESCRIPTION

A custom blend of incense developed by OGATA in collaboration with the NICOLEHOLLIS Collection. Ground by hand with a traditional Japanese mortar, it is grounded in a woody, smoky character with hints of a botanical expression, mixing classic elements of Japanese fragrance culture with global ingredients to create a modern scent aesthetic. It speaks to elements coming together and synthesizing into something new.

Each box includes 10 packets that can be used for burning, diffusion via open air, worn on the body, or placed as sachets in drawers and cupboards. Use within 6 months for most authentic scent expression.

Aroma notes:

Irori: Smoky cedarwood, vetiver
Tachibana: Japanese citrus, neroli
Koto: Cinnamon, patchouli

CARE

Always burn "Yoka" in a fire-resistant container. Light in a safe place. Do not blow on, move, or shake the charcoal while it is burning. Do not ingest. Store in a dry place.
