

YOKA INCENSE SET NO. 1

EXCLUSIVE TO NICOLEHOLLIS COLLECTION

OGATA

ORIGIN
Japan

DESCRIPTION

Yoka is a custom blend of incense developed by OGATA in collaboration with the NICOLEHOLLIS Collection. Ground by hand with a traditional Japanese mortar, it is grounded in a woody, smoky character with hints of a botanical expression, mixing classic elements of Japanese fragrance culture with global ingredients to create a modern scent aesthetic. It speaks to elements coming together and synthesizing into something new.

Yoka Set No. 1 contains 10 packets of Yoka and the lightweight copper Dimple Plate for enjoying loose grains of incense as a pot pourri.

Aroma notes:
Rose Petals
Kuromoji
Tachibana

HOW TO USE

To scent a room, pour the blend into the dimple plate, replacing once the fragrance has become extinguished.

To wear Yoka as a personal scent: Place the paper pouch into the linen sachet and carry in a purse or pocket.

YOKA INCENSE SET NO. 2

EXCLUSIVE TO NICOLEHOLLIS COLLECTION

OGATA

ORIGIN
Japan

DESCRIPTION

Yoka is a custom blend of incense developed by OGATA in collaboration with the NICOLEHOLLIS Collection. Ground by hand with a traditional Japanese mortar, it is grounded in a woody, smoky character with hints of a botanical expression, mixing classic elements of Japanese fragrance culture with global ingredients to create a modern scent aesthetic. It speaks to elements coming together and synthesizing into something new.

Yoka Set No. 2 contains 10 packets of Yoka and a handmade porcelain Incense Jar for burning incense with charcoal to achieve a more intense aroma. Each jar comes with 10 charcoal tablets.

Aroma notes:
Rose Petals
Kuromoji
Tachibana

HOW TO USE

To scent a room, pour the blend into a dedicated vessel, replacing once the fragrance has become extinguished.

To wear Yoka as a personal scent: Place the paper pouch into the linen sachet and carry in a purse or pocket.

To use the Incense Jar:

Set up the jar by filling with ash, leaving one inch of headroom at the top. Light one corner of a charcoal tablet, place it on the ashes, and wait about 5 minutes. Nestle a small spoonful of Yoka blend near the smoldering charcoal, but not on top. Adding more Yoka will intensify the scent experience.

Each charcoal tablet will burn for approximately 40 minutes; to extend the burn time add one tablet.

YOKA INCENSE SET NO. 3

EXCLUSIVE TO NICOLEHOLLIS COLLECTION

OGATA

ORIGIN
Japan

DESCRIPTION

Yoka is a custom blend of incense developed by OGATA in collaboration with the NICOLEHOLLIS Collection. Ground by hand with a traditional Japanese mortar, it is grounded in a woody, smoky character with hints of a botanical expression, mixing classic elements of Japanese fragrance culture with global ingredients to create a modern scent aesthetic. It speaks to elements coming together and synthesizing into something new.

Yoka Set No. 3 offers the full Yoka experience, including both vessels and our Copper Spoon for customizing and varying the use of Yoka to create a custom ambience of scent.

Aroma notes:
Rose Petals
Kuromoji
Tachibana

HOW TO USE

To scent a room, pour the blend into the dimple plate, replacing once the fragrance has become extinguished.

To wear Yoka as a personal scent: Place the paper pouch into the linen sachet and carry in a purse or pocket.

To use the Incense Jar:

Set up the jar by filling with ash, leaving one inch of headroom at the top. Light one corner of a charcoal tablet, place it on the ashes, and wait about 5 minutes. Nestle a small spoonful of Yoka blend using the copper spoon near the smoldering charcoal, but not on top. Adding more Yoka will intensify the scent experience.

Each charcoal tablet will burn for approximately 40 minutes; to extend the burn time add one tablet.
